**Project Manager**  
**of The Year - 2011**  
**Pinnacle Award**  
**Builders Association**  
**of the Hudson Valley**

RECENTLY, *THE BUILDERS ASSOCIATION OF THE HUDSON VALLEY* CONFIRMED WHAT TWO DECADES OF *MASTERWORK* CLIENTS ALREADY KNEW — *FRANK MINUTOLO* IS A TRULY EXCEPTIONAL PROJECT MANAGER.

Each year, the *BAHV*, representing industry professionals throughout the Hudson Valley, recognizes a select group of projects and individuals as the best in the region, honoring them with the highly acclaimed *Pinnacle Award*.

*Frank Minutolo* was nominated for the annual award by his fellow team members at *Masterwork Home* and recommended by clients, *Ray and Betty Heins*. In their endorsement letter, the Heins stated, "Frank's attention to detail is evident in every room of our house. His talents extend beyond the ordinary. Anyone would be honored to have him put his skills to work on their project."

Frank has been affiliated with *Masterwork Home* and its related entities for over twenty years. As Project Manager, his responsibilities are wide ranging and include confirming project details and

scope of work, scheduling and supervising vendors and subcontractors while maintaining focus on project budgets and communicating with clients on a daily basis.

"Construction runs in the family," says Frank. "Through my father and uncle, I've been involved in the industry since I could swing a hammer. I've always taken great pride in my work, but it was really humbling when I read the great things my co-workers said and the amazing letter the Heins family had written about me."

"Frank's ability to think and act on his own, to analyze, anticipate and reach sound conclusions has always been outstanding," says *MWH* owner, *Joe Matta*. "He has extremely high integrity and commands tremendous respect from clients, sub-contractors and co-workers alike."

From his unparalleled craftsmanship and expertise in the field, to his planning and coordination, *Frank Minutolo* is an indispensable member of the *Masterwork* team. ■■
